

# American Blonde d'Aquitaine

Membership  
Directory  
2018

As I sit down to type this letter for the Membership Directory we are in the midst of the wettest summer of my life in our area. We've had nearly our total annual rainfall already. While there are always challenges of some kind, this has been unique. I've been trying to get seed in the ground that was planned for May 10<sup>th</sup>. The cattle are enjoying the grass though. No problems with that!

As an association our two biggest revenue sources are registrations and memberships. As always, thanks for your work and support in keeping up with records and getting them sent in. The board of Directors approved at our spring meeting to waive the fee for reporting performance data. Next to registering, reporting data on all our animals is probably the biggest single thing we can do as individuals to help promote our breed. Now there is no cost for that. I encourage you to do all you can with this opportunity!

I hope you are looking forward to our attending our Annual Meeting in Gray, Maine at D'Ameri Acres. Heath Emery has been a long-time breeder of Blonde Cattle. I'm sure we'll see some excellent animals. This is the ABAA's first-ever trip to the Northeast. We'll see some very unique agriculture and scenery, and have planned visits to some interesting attractions. Make sure you see the info about Heath and our planned activities in the Newsletter.

In closing, I'd like to say something to those of you who have never made it to an annual meeting of the American Blonde d'Aquitaine Association: You need to come! For years I didn't think I could possibly afford the time. But it's funny how things change. Once I went, I didn't see how I could afford to miss one! I'm sure many of you would feel the same way. No one of our membership is too big or too small. You would find the benefits of attending are well worth the time and expenses. In addition, we need you!

Sincerely,

Brad Miller
